

TECHNICAL DATA SHEET

SANVO Engine Degreaser

Product Description SANVO Engine Degreaser is a concentrated, solvent-based, degreaser. With the special formulation, it can dissolve oil, clean dust and grime on surface of engine. When we have a clean engine, we can find issues earlier, such as oil leaks. Then we can fix it before the big problem happened.

Applications Widely used to clean the oil, gum, carbon deposits and other impurities on the surface of the engine to restore the original luster of the engine, pipelines and parts and reduce corrosion

Features

- Clings to surfaces, Penetrates grease and oil
- Fast acting, No scrubbing required
- Eliminates baked-on grime and deposits
- Heavy-duty degreaser removes engine deposits

Typical Properties

Composition	200# Solvent naphtha, surfactant, water and LPG
Specific Gravity	0.75~0.80g/cm ³
PH Value	7
Appearance	Colorless to light yellow transparent liquid
Odour	Aromatic smell
Spray rate	≥98%
Application temperature	15 to 40°C
Shelf life	2 years(Store in room temperature)

Precautions:

1. Store in a dry and ventilated environment below 50°C, avoid direct sunlight, and keep away from fire and heat sources.
2. This product is pressure-packed, must not be impacted, and be used away from fire.
3. Prevent splashing into eyes or swallowing, keep out of reach of children.
4. It is strictly forbidden to expose to the sun, puncture or burn the can body
5. Avoid using in low temperature or humid environment(RH≥80%), so as not to affect the effect.

Disposal of waste can

Dispose of contents/container in accordance with local/regional/national regulations.

Packing/Size

Each can has a volume of 650 ml/350g. 12 cans are packed in a carton.
